## Acculogic Select Terotest as Sole UK Distributor

We are pleased to announce that TEROTEST has been appointed as the sole UK distributor for the fantastic range of Flying Probe test systems, Scorpion Incircuit testers, Boundary Scan solutions and CAD Translation software produced by Acculogic.

“Terotest is delighted to have secured the rights to distribute the prestigious Acculogic products in the UK”, enthused Steve Brenner, Managing Director, Terotest. “The brand perfectly complements our existing portfolio of high quality products and will be available to all of our customers”.

The Acculogic range we now distribute includes the FLS900, the first flying prober with double sided testing. It features 24 interchangeable probe modules, each capable of Analog, Digital, Boundary Scan and Vectorless Tests.

### FLS900 Features

- Closed Loop AccuFast Drive System with  $\pm 0.1$  Micron Resolution
- Full Function Double Sided System
- Up to 24 Closed Loop Flying Probes
- Programmable angle  $+6^\circ$  to  $-6^\circ$  degrees
- Analog, Digital, Mixed Signal Testing
- Built-in Boundary Scan
- Power-on Testing
- Up to 128 non-mux fixed nail channels
- Tests boards up to 1050 x 640 mm

FLS900 also features OptiScan™, a multi-camera dual sided Automated Optical Inspection system.
